

Free of cost training for PMEX brokers and investors

KARACHI: Pakistan Mercantile Exchange (PMEX) is now offering free of cost training to its brokers, which were previously provided at a nominal charge. The training sessions are being held at PMEX Head Office in Karachi and are planned to suit brokers' schedule.

The objective of this new initiative is to facilitate brokers to fully understand the workings of the Exchange and its systems. PMEX believes that brokers are strategic business partners of the Exchange and their capacity building will help serve the investors in a better way.

To further facilitate the brokers and investors, PMEX has also recently launched free weekly training workshops titled '*Futures Trading 101*'.

Keeping in view the diverse training needs of the brokers as well as the investors at large, PMEX has split *Futures Trading 101* in two modules: 1) Commodity Futures Trading - which aims at providing in-depth knowledge of listed futures at the Exchange, commodity fundamentals and basic technical analysis and 2) Understanding PMEX's Trading System, which aims at providing hands-on experience of PMEX trading systems.
