Research Reports on PMEX Website

At PMEX, we understand the importance of timely and up to date information for all current and potential clients. Against this backdrop, PMEX has recently started publishing and disseminating **"PMEX Commodity Roundup"** on daily and monthly basis. The aim of this report is to keep our clients abreast of the latest news and trends of commodity market along with trading highlights at the Exchange.

In the same spirit, to provide our clients with a well-rounded and diversified overview of the commodity market, we have developed a Research Portal on our corporate website which is capable of showcasing multiple research reports on a single platform. The Exchange feels that this portal will not only better prepare the investors by providing all necessary information from one window but also provide an opportunity to our broker members to exhibit their quality reports on a free-of-cost Exchange platform.

In this regard, we would like to invite all our brokers to share their daily research reports which will be made available on **"PMEX Research Report Portal"** along with PMEX Commodity Roundup. Brokers who are interested to avail this opportunity are requested to send their concurrence at info@pmex.com.pk latest by Thursday, June 26, 2014.

For further information and assistance, please feel free to contact our Customer Support Services by Phone on: 021-35644991- 5 (5 Lines).

Best regards,
