MERCANTILE  
EXCHANGE**

**Circular No. PMEX/Technology/ 31 - 2013**

**October 11, 2013**

---

**Leased Line to PMEX Data Center**

---

All Brokers are hereby strongly advised to establish the leased line between their offices and PMEX data center as well as PMEX DR Data Center in order to avoid any disruption in accessing trading services of the exchange due to internet outage. This will also provide brokers reliable data connectivity to the trading system as compared to fragile internet connectivity. Failure to do so can result in frequent trading disruptions and network latency.

PMEX understands that the dedicated lease line will result in an additional cost but the advantages of it are far more than the cost associated with it, in addition to mitigating the risk of trade disruption.

For clarification and assistance please contact Business Support Service at [support@pmex.com.pk](mailto:support@pmex.com.pk).

**Sincerely,**

**Amjad Khan**  
Chief Operating Officer
